## Announces Increased Mileage Adjustment

TO Diamond users and Diamond dealers--Here's big news:

From today all Diamond tires shall be adjusted at higher mileage--Fabrics, 6,000 miles; Cord construction, 8,000 miles.

Furthermore, the new adjustment applies to every Diamond tire of future or past sale, including tires in the hands of user or dealer.

Diamond users and Diamond dealers have long known the big mileage in Diamond tires--the users' own tires.

We mark up our adjustment to 6,000 and 8,000 miles for Fabrics and Cords respectively, merely to measure out a definite share of the superb mileage that we know the wonderful strength and endurance Diamond tires have in them.

## "HELLO," SAYS MISS SPARKS, "I JUST FLEW IN"

Young Woman Secretary of Prescott Chamber of Commerce Makes Call on The Republican by Airplane

Lieut. I. O. Baker of the air service, flying a plane in the Arizona recruiting campaign, brought an unexpected passenger to Phoenix last night in the person of Miss Grace M. Sparks, secretary of the Yavapai county chamber of commerce at Prescott.

Lieut. Baker, with Captain L. E. Appleby, in charge of the aerial recruiting squadron in this state, flew to Prescott yesterday morning to make government aerial pictures of Whipple Barracks. On the return journey, Miss Sparks was substituted for the captain and made the flight back to Phoenix. The captain returned by motor car late last night.

Captain Appleby and Lieut. Baker, who have been launching their recruiting campaign here since last Tuesday, took off in the Curtiss two-seater soon after 10 o'clock yesterday morning, after receiving several recalls for the air service at their office on the War Work building lot at First avenue and Monroe street. In addition to their photographing, one of the objects of the trip was to pave the way for a later recruiting campaign at Prescott.

**Take Photos From Airplane**

Owing to the mountains, the northward trip was made at an altitude general ranging around 3,000 feet. The landing at Prescott was made at noon on the target field, selected for that purpose by Capt. Appleby in an air visit several weeks ago. The two flyers were met on the field by Colonel Bliss, commandant at Whipple Barracks. E. S. Viele, president of the chamber of commerce and Lyle Abbott of the Prescott Journal-Miner.

Luncheon was taken at the barracks, after which Captain Appleby and Lieut. Baker, the former as the photographer, flew aloft for the picture work. Photographs were taken of the new barracks from the air on all sides, and several "stills" later snapped from the ground.

**Woman Is Passenger**

The return flight was started at 5:30 o'clock, Miss Sparks taking the forward seat of the plane instead of Captain Appleby. The captain, with Lieut. Baker, took the rear seat. The two flyers were met on the field by Colonel Bliss, commandant at Whipple Barracks. E. S. Viele, president of the chamber of commerce and Lyle Abbott of the Prescott Journal-Miner.

Luncheon was taken at the barracks, after which Captain Appleby and Lieut. Baker, the former as the photographer, flew aloft for the picture work. Photographs were taken of the new barracks from the air on all sides, and several "stills" later snapped from the ground.

**More Planes Coming**

Miss Sparks, who had the honor to be the second woman ever to make a cross country airplane flight in Arizona, went to the home of Mr. and Mrs. P. R. Milnes, where she will stay during her visit here. Lieut. Baker went to his quarters at the Arizona club, where he was joined by Captain Appleby on the latter's arrival.

Captain Appleby, or a part of his squadron, will later visit Prescott to open the recruiting drive there for the air service. Lieut. Baker will probably delay his departure for the coast until tomorrow morning. Captain Appleby probably will be joined today by two more planes, one of which will come directly from Rockwell Field.

**A BUTTERFLY WORTH \$2,500**

(From the Continental Edition of the London Mail)

An amazing collection of butterflies, valued at \$2,500, which was referred to in a lawsuit heard by Judge Darling in London, was shown by the owner, James Joyce, of the Hill, Witley Surrey.

In one compartment are Handley-Pages of the butterfly world, great winged beauties half a foot from wing tip to wing tip. In another are creatures so small that it needs a microscope to discern their beauty.

"Look at this little fellow," said Mr. Joyce. "There are many more beautiful in my collection, but this is the only one of its kind in the world. It is a Boche butterfly from what were the German Camerouns. It is worth something like \$2,500, many hundreds of times its weight in gold."

"How did I manage to spend \$50,000 a year on this collection? I have had to send collectors to the far ends of the earth. I have three collectors who will return shortly from the Eastern Archipelago with new specimens. I sent as far afield as the Solomon Islands. When my work is done--that is, when I die--I will present the collection to the nation."

**ROB SAN DIEGO BANK**

SAN DIEGO, Cal., June 6.--Two bandits entered the San Diego State bank at East San Diego just after the closing hour today took all of the cash in sight, held up and searched several customers who entered the bank while the robbery was in progress and escaped with approximately \$7,000 in an automobile.

**TRIS' SUSPENSION SIFTED**

NEW YORK, June 6.--The suspension of Tris Speaker of the Cleveland Americans and Chuck Gandil of the Chicago Americans were lifted today by Ban Johnson, president of the American league.

Mr. Johnson said he had severely reprimanded both men in addition to imposing \$50 fines.

**ARREST OPIUM SMUGGLER**

NEW YORK, June 6.--Charged with violation of the opium exclusion law, George Henriquez was arrested today on a complaint filed against him in Texas which alleged that he smuggled \$15,000 worth of opium across the Mexican border in cases billed as containing castor oil.

The contraband was seized as it was being delivered at a resort in Chinatown. Henriquez was held in \$10,000 bail.

**NORWAY WANTS NO BLOCKADE**

CHRISTIANA, June 6.--The Norwegian government replying to a note from the entente powers concerning a resumption of the blockade against Germany in case there should be a renewal of hostilities, submitted some suggestions to the entente having as their object the making of such a step unnecessary.

## SAYS HE WILL CALL NATIONWIDE STRIKE OF WIRE MEN TODAY

WASHINGTON, June 6.--President S. J. Koenigk of the C. T. U. A. announced tonight that he would call a nationwide strike of members of the union upon reaching Chicago tomorrow. He said that neither the date of the proposed walkout nor whether it would affect both the Postal Telegraph Cable company and the Western Union Cable company had been decided.

The strike, President Koenigk said, would be called in support of union employees of the Western Union in ten southeastern states, who were requested by him to leave their work last night following return by order of Postmaster General Burleson of the wire systems of the country to private operation.

Postoffice department officials, while intimating that, whereas the wire systems now were being operated by the company, the department was not directly concerned in the controversy, expressed the belief that the strike if called would not seriously affect communication. Western Union officials here pointed to the statement in New York today of Newcomb Carlton, president of the company, that out of 40,000 employees eligible to join the Commercial Telegraphers Union, only 710 were members.

Leaders in congress, despite the postmaster general's order returning the wires to private operation, went forward with their plans for legislation for repeal of the wire control resolution.

Reopening the hearings on the bill by Senator Kellogg, republican of Minnesota, for repeal of the wire resolution, the senate interstate commerce commission questioned N. C. Kingsbury, vice president of the American Telephone and Telegraph Co. as to legislation necessary to protect the wire companies. During the hearing, some members of the committee charged the postmaster general, confronted by a strike, issued the return order for the purpose of passing the buck.

Mr. Burleson, in a letter to Chairman Cummings of the senate committee, declared his order had been misinterpreted and that actual control of the wire systems had not passed from the department, but only operation had been relinquished.

The committee agreed to amend the Kellogg bill so as to continue existing telephone toll rates in effect for ninety days after the wires are returned, instead of sixty days as originally proposed.

## ORGANIZATION OF LOVERS OF MUSIC LATELY FORMED

An organization has been formed in this valley for the purpose of bringing to the music lovers of this community more attractions and a higher class of attractions than formerly. The name of the organization is the Musical Events Club of the Salt River valley. Similar clubs are being formed in other towns and all of them will be affiliated. The local club is not a Phoenix club but in its membership all the towns and communities of the valley will be represented. Its purposes are set out in the following articles:

**Article I--Name**

The name of this organization shall be The Musical Events club.

**Article II--Object**

The object of this organization is to co-operate in the support of high class artist events for the Salt River Valley.

**Article III--Officers**

The officers of this organization shall be a president, a first vice-president, a second vice-president, a secretary, and a treasurer. The duties of these officers shall be defined in the by-laws.

**Section 2.** These officers, with the following named officials of the various organizations shall constitute an executive board: The president of each woman's club in the Salt River valley, secretary of each chamber of commerce in the Salt River valley, the president of each Merchant & Manufacturing Association in the Salt River valley, president of each Men's Business club in the Salt River valley, director of the Arizona School of Music, president of the Arizona Federation of Women's clubs, principal of the State Normal school at Tempe, supervisor of public school of music in each town in the Salt River valley, and there shall be further, nine additional "Members at Large" on this executive board to be chosen by this executive board.

**Section 3.** This body shall meet upon the call of the president for the purpose of considering the interests of the organization.

**Section 4.** Vacancies occurring during the term of office shall be filled by appointment of the executive board.

**Article IV--Quorum**

Seven members shall constitute a quorum.

**Article V--Amendments**

This constitution may be amended by a two-thirds vote at any regular meeting. Notice of the intention to amend shall be issued with the call of the meeting.

**BY-LAWS**

The dues for membership in this organization shall be \$3 (Five dollars) for the year. It is agreed that this sum will entitle the member to a ticket to five high class artist events for the season, 1919-1920. A small additional charge will be made for choice seats at the opening of the season series.

**2--Meetings**

**3--Election of Officers**

Election of officers shall take place at the annual meeting, and shall be by viva voce vote. A majority vote shall constitute an election.

**4--Duties of Officers**

**Section 1.** The president shall appoint all standing committees, shall be chairman of the executive committee with the right to vote, shall act as chairman of the program committee and shall sign all orders of the treasurer.

**Sec. 2.** The vice-president in the order elected shall preside in the absence of the president and shall assume all

other duties of the president in the absence of that official.

**Sec. 3.** The secretary shall keep a correct record of all proceedings of the organization, and of the executive board, and shall be custodian of all reports and records.

**Sec. 4.** The treasurer shall collect all moneys and shall disburse the same upon orders signed by the president, and shall keep an accurate account of all receipts and disbursements.

**Sec. 5.** The executive board shall have control of the affairs of the organization.

**5--Committees**

There shall be the following standing committees, composed of three members each:

**USE DOGS' TEETH AS MONEY**

(From the Philadelphia Public Ledger)

Dogs are among the most widely distributed of animals. In few parts of the world are they absent or even rare.

The dog was doubtless the first animal to be domesticated by man. But its earliest use was for food. Even today its flesh is far more widely utilized as meat than is commonly supposed.

The primitive dwarf tribes of the Philippines, the pigmies of equatorial Africa and the Vedda of Ceylon, when white Europeans first came to know them, had one domesticated animal--the dog.

When Columbus landed on the island of Haiti he found there an excellent breed of dogs, used for hunting by the natives, who, when not employing them in the chase, kept them in cages.

In Java it is deemed disgraceful to have white teeth "like a dog's," and so the people color their dogs' eyes, teeth circulate as money in New Guinea and the Solomon Islands; and in the latter archipelago a traveler saw one native whose wealth was made manifest by a necklace of 500 of these teeth, representing 250 dogs.

The Australian blacks weave the bushy tails of their "dingo" dogs into their beads to make them longer. Indians of the Puget Sound region make blankets of dogs' hair. Natives of Borneo believe that black dogs are the chosen familiars of sorcerers, and he who laughs when a dog crosses the path will be turned to stone.
